Tech2Goal
capacity Building for Churches and Christian Workers

IT Empowerment Training

Course Fee.
The course has been subsidized through the generous giving and donations from friends and partners of KingdomIT, ICCM and Charis Coaches and mentors.

Participants are therefore required to pay a token NGN10,000, to further help defray the cost of lunch, tea/coffee breaks and training materials during the classroom sessions.

Participants, individual or corporate should show evidence of belonging to a Christian organization or he/she is active in the propagation of the gospel, as this is the way to justify the sponsors funds.

Life Coaching
However Big your DREAM, a Charis Coach can help you reach it.

Tech2Goal

Tech2Goal

is jointly organized by:

■ **KingdomIT**

KingdomIT with official and operational headquarters in The Netherlands has a worldwide mission to improving living conditions using IT in combination with Gospel Outreaches.

■ **CHARIS**

Charis Coaches and Mentors is a Nigeria based training, coaching and Mentoring organization. The mission is to help empower individuals and organizations with education that will help transform and create better individuals and societies.

■ **ICCM**

ICCM is an international conference that brings together persons working in the field of IT across the globe. ICCM was started about 28 years ago by Christian IT graduates of Taylor University, USA. ICCM has since spread to Europe and Africa. The knowledge shared and the relationship built at ICCM are carried through in helping create a better world.

The Aim of Tech2Goal Training:

The training is to help equip churches, Christian and mission organizations and individuals in the effective use of IT for achieving set individual and ministry goals. Please refer to list of courses for details.

COURSES

COMPUTER NETWORKING
Setting up a small network for a church or Christian organization: What you need and how to set it up.

MAINTAINING TECHNOLOGY.
Getting lots of technology might be good but if you get more than you can maintain, it becomes a burden that can sink a church.

DATABASE MANAGEMENT
Managing information generated by the mass of people attending churches can be hectic without the use of proper database application. The course aims at teaching database application that can handle small, medium to large organizations.

WEB DESIGN
This course will help remove the myth about building and designing websites. At the end of the course, participants should be able to design their individual or corporate websites.

PROJECT MANAGEMENT/BUSINESS ANALYSIS
A practical workshop where you learn the fundermentals of Business Analysis combined with how to run a ServiceDesk using parts of ITIL (Information Technology Infrastructure Library) which aims at aligning aligning IT services with the need of the organization/Business. There will be hands-on practical exercises to help participants fully understand the course.

USE OF SOCIAL MEDIA.
The social media technology is growing by the day and gradually taking over our social lives, however we can turn this tool to give us competetive advantage as individuals and organization.

ROUTERS
Routers and internet connectivity

CHANGE MORE LIVES

WHO SHOULD ATTEND:
Anybody who desires to explore IT for better living Pastors, Unit Heads of Christian organizations, church workers, Christian Entrepreneurs, Churches and Christian Ministries, Youths Organizations, Faith Based NGOs and other NGOs working in the areas to Humanitarian Help and Rescue missions.

ABOUT THE COURSE
The course spans three months modulated program that employs both classroom and e-learning technology. At the end of the course, after successfully taking all the modules including projects, participants will be given a certificate. Depending on the level of proficiency, Tech2Goal will engage highly proficient participants to join her team of trainers and will subsequently be introduced to other fora for continous learning and other attached benefits and opportunities.
We, therefore advice participants to take the program seriously.
